HEALTH FOR THE STATES!!

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a letter from Mr. John Lloyd, of Erie-ven, near Harlech, Merionethshire.

To Professor HOLLOWAY: Sir—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length I became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills, I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper. I am, Sir, your obedient Servant, June 6th, 1852. (Signed) JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a letter from Edward Rowley, Esq., of India Walk, Toronto, dated April 8th, 1852.

To Professor HOLLOWAY: DEAR SIR—I deem it a duty I owe to you and the public at large, to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks. (Signed) EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD-ACHES.

Extract of a letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14th, 1852.

To Professor HOLLOWAY:

DEAR SIR—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years, herself and family suffered from continual bad health, arising from disorders of the liver and stomach, indigestion, loss of appetite, violent head-aches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further, she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy. (Signed) S. GOWEN.

These celebrated Pills are wonderfully efficacious in the following complaints:

- | | | |
|-------------------------------|-----------------------------|----------------------------|
| Ague | Dropsy | Inflammation |

McNeill's Spring Style of Hats.

Wholesale and Retail, 17 and 19, Market St., ST. LOUIS, MO.

IN introducing my Style of Hats for the Spring of 1853 I would ask especial attention to the combination it presents of the most important requisites of an article of dress, beauty and utility. It is light, yet strong of correct proportions, and at the same time fitted for a summer hat. In the manufacture of Hats, my motto is "Excellence." The richest material and the best workmanship, united with the most untiring vigilance of supervision, cannot fail to produce a hat worthy of the motto.

I have a full assortment of the finest goods in my line, comprising all that is new, rich and fashionable in Hats, Caps, Straw and Panama Goods, especially intended to meet the demands, either wholesale or retail, of a community now rapidly advancing in wealth and refinement and those artificial wants that follow. At the same time I can sell the staple goods of the trade as low as any other in St. Louis.

I respectfully invite a personal inspection of my stock.

JOHN MCNEILL.

J. F. GREEN, ATTORNEY AT LAW, COMMERCIAL ROW, OVER WM. HAWKINS' STORE HANNIBAL, MO.

Entered according to Act of Congress, in the year 1841, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder! GREAT CURE FOR DYSPEPSIA! Dr. J. S. HOUGHTON'S

PEPSIN THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

Prepared from Rennet, of the gastric stomach of the ox, after directions of Baron Liebig, the great Physiological Chemist by J. S. Houghton, M. D., Philadelphia, Pa.

"DIGEST." Such is the true meaning of the word Pepsin. It is the chief element, or great digesting principle of the Gastric Juice—the solvent of the food, the purifying, preserving, and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the ox, thus forming a true digestive fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it.

This is Nature's own remedy for an unhealthy stomach. No art of man can equal its curative powers. It contains no alcohol, biters, acids, or nauseous drugs. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without the most acute distress. Beware of cheap imitations. Pepsin is not a drug. Half a teaspoonful of Pepsin infused in water, will digest or dissolve five pounds of roast beef in about two hours, out of the stomach.

Scientific Evidence!

The Scientific evidence upon which this remedy is based is in the highest degree curious and remarkable. Call on the agent and get a descriptive circular, gratis, giving a large amount of scientific evidence, from Liebig's Animal Chemistry; Dr. Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper of New York University; Prof. Dugliss's Physiology; P. of Millman, of Yale College; Dr. Carpenter's Physiology &c., together with reports of cures from all parts of the United States.

Pepsin in Fluid and Powder.

Dr. Houghton's Pepsin is prepared in Powder and in Fluid Form—and in Prescription vials for the use of Physicians. The powder will be sent by mail, free of postage, for one dollar sent to Dr. Houghton, Philadelphia.

OBSEVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured. Sold by all druggists and dealers in medicines. Price, ONE DOLLAR, per bottle.

aug 25-1y T. L. BRITTINGHAM & BRO., Hannibal, Wholesale and Retail Agents.

This story is continued through the first

four numbers of the magazine, from October to January. With the February number another new story by Mr. Arthur, entitled "sparing to spend; or, the loftons and the pinkertons," will be commenced, to be continued during several months. Thus, in the first volume of the home magazine, two nouvelles by the editor will be published. As only a limited edition of the first numbers of the magazine was printed, those wishing "the old man's bride" must send in their subscriptions early.

In order to prevent misapprehension on the part of the public, we will here state that the home magazine is a monthly issue of the home gazette, and contains the best articles that appear therein, thus fixing in permanent shape and for circulation in new channels, literary matter from the pens of many of the ablest writers in the country. It is from this cause that the publishers are able, in the outset, to furnish the work at so low a rate.

TERMS OF ARTHUR'S HOME MAGAZINE.

To those who desire to receive the Home Magazine by mail, we offer it at the following extraordinary low club prices:—

- | | |
|-------------------------|-----|
| One copy one year, | \$2 |
| Two copies one year, | 4 |
| Three copies one year, | 6 |
| Four copies one year, | 8 |
| Eight copies one year, | 10 |
| Twelve copies one year, | 15 |

Where a club of twelve subscribers send us fifteen dollars, a copy extra will be furnished to the agent or getter-up of the club, or to any address he may designate. At these terms, the "home magazine" will be, for the amount of choice reading matter furnished, the cheapest monthly publication in the United States.

For three dollars, a copy each of the "Home Gazette" and "Home Magazine" will be sent one year.

In making up clubs, it may frequently be desirable to unite in a single club both "home magazine" and "home gazette" subscribers. This can be done by always making the club price to the magazine subscriber one dollar twenty-five cents, no matter what the size of the club may be. The extra copy to the getter-up of the club, in all such cases, can be the gazette or magazine, at the option of the party who is to receive it.

Postage on Arthur's Home Magazine.—If paid quarterly or yearly in advance, 18 cents for the whole year.

St. Louis Stove Store.

C. W. BRYAN,

Stove Dealer, Sheet-Iron Worker, Copper-smith, and Tinner.

Main Street, Two Doors North of Brady House, HANNIBAL, MO.

Sells at Wholesale Prices, STOVES AND TINWARE. I invite particular attention to the PRIZE PREMIUM COOK STOVE, which has given universal satisfaction to all who have used it. I warrant all my Stoves for twelve months, and if any of the plates break during that time, I furnish new ones free of charge.

As I design remaining permanently in this place, the public are safe in taking my guarantee for the good performance of the stoves kept by me.

All my stoves are manufactured of MISSOURI MOUNTAIN IRON, and for goodness of metal and beauty of casting, they excel any stoves made in the Western country.

The man who moulds Hollow-Ware for G. F. Filley is considered the best workman in the United States, and this accounts for our Hollow-Ware and Stove Vessels being so much smoother and better than any others you will find in market, whether made East or West.

I have constantly on hand, a supply of TINWARE, to which I particularly invite the attention of the country trade, as the quality of my ware, and the prices, shall be such as to induce them to call on me again.

READ THIS!—The introduction of FILLEY'S STOVES

Into Northern Missouri, to any extent, has been in the last three years; since which time they have been gradually increasing the manufacture and sale of them; and although, owing to their being light and smooth, and something new, some little difficulty attended the sale and use at first, yet by always making Stoves and Castings of the best quality of Scotch Pig and Missouri Mountain Iron, they have proved to withstand fire better than any other Casting made in the Western country. The Furnace Castings and Hollow-Ware particularly, have been superseded by it, wherever it has been brought into use, and always given satisfaction. Having lived here a number of years, and being permanently located here, purchasers can rely on our guarantee as to the quality of the articles sold by us; and as to the operation of our celebrated Prize Premium Cook Stove, just read the certificates of those who have used them, and are using them now. And another advantage a purchaser will have in buying a St. Louis stove of us, he would not only be getting a stove made of the best material in the world, but he ran at any time get an odd piece or plate without any charge, by letting us know that such was wanted, as all our stoves are warranted, and, in case of imperfection, the article will be promptly made good to the purchaser, which he will not find the case with Cincinnati, Chicago, Pittsburgh, and Eastern made STOVES, as you cannot get any odd Pieces. Even if they were warranted, it would be impossible to get odd plates from such a distance.

We, the undersigned, having used the St. Louis Stoves manufactured by G. F. Filley, of St. Louis, and sold by Carter W. Bryan, at Hannibal, Mo., take pleasure in recommending them to the public as superior in point of draft, durability, economy, convenience and ease of regulation, to any Stove which we have ever used:

New Cook Stoves.

Persons wishing to buy stoves, should give us a call, and examine our new patterns of

Having secured the agency of them for this city, this stove possesses advantages over common stoves, in thickness of the plate, and improvements in the draft. It is given up by all stove dealers and manufacturers, to be the best pattern for a descending flue, of any stove now made East or West.

This stove was patented September, 1852, and wherever they have been used, have given general satisfaction. This stove weighs some forty pounds more to the number than any other stove ever brought to this city. The plates in them are from one-half to three-fourths of an inch in thickness. No. 1 weighs over 300 pounds. We warrant them all against fire. These stoves have a Patent Hot Air Flue, which carries the heat that is generated under the fire plate down the front part of the stove, between two thick plates to the draft at the bottom of the stove, thereby adding great heat to bake with on the bottom, and remedying that which has always been a fault with stoves of a descending flue, herebefore. The Charter Oak has one flue and one plate more than any Air-Tight stove yet invented. They will cook with one-half the fuel which one of the ordinary stoves will, and will last for twenty-five years.
